Dr. Kirk Fischer is set to release the third single from his well-received debut CD, *Friends*, going for adds on January 22. The hauntingly gorgeous “Shades of Gray” is penned by Fischer with strings orchestrated and conducted by Greg Adams. “Shades of Gray” was recently described as, “very possibly the most exhilaratingly beautiful new composition of the year.” ~Amazon

“Shades of Gray” features a virtuoso acoustic guitar performance by the amazing Kay-Ta. Coupled with Adams lush string arrangement and Fischer’s focus on creating beautiful melody, “Shades of Gray” is an artistic accomplishment that has already been spontaneously played on smooth jazz stations worldwide.
